Return Cartridge Instructions

Eclipse™ CO₂ Adsorbent cartridges are recyclable and are to be returned to the manufacturer for reprocessing. Exhausted cartridges, those having been exposed to CO₂ during use, are now lithium carbonate and do not need to be shipped as corrosive materials.

If using the original shipping box place, fold and place this return sheet (with return address visible) into clear packing list envelop (supplied) and place over the box label shown below.

DO NOT DISPOSE OF CARTRIDGE - THE ADSORBENT MATERIAL IS RECYCLABLE

USE TO RETURN EXHAUSTED CARTRIDGES TO
